Dear Sir/Madam

**PROPOSED 1NO. 2 BEDROOM BUNGALOW WITH INTEGRAL GARAGE.
LAND ADJACENT TO 186 HAVANT ROAD, HAYLING ISLAND, PO11 0LJ**

Environment Agency position

In the absence of a flood risk assessment (FRA), we **object** to this application and recommend refusal of planning permission until a satisfactory FRA has been submitted.

Reasons

Ensure reasons are site specific and related to planning policy. This can be provided as free text or based on the following prompts.

The application site lies within Flood Zone 3 defined by the Environment Agency Flood Map as having a high probability of flooding. Paragraph 103, footnote 20 of the National Planning Policy Framework (NPPF) requires applicants for planning permission to submit an FRA when development is proposed in such locations.

An FRA is vital if the local planning authority is to make informed planning decisions. In the absence of an FRA, the flood risk resulting from the proposed development are unknown. The absence of an FRA is therefore sufficient reason in itself for a refusal of planning permission.

Overcoming our objection

You can overcome our objection by undertaking an FRA which demonstrates that the development is safe without increasing risk elsewhere and where possible reduces flood risk overall. If this cannot be achieved we are likely to maintain our objection to the application. Production of an FRA will not in itself result in the removal of an objection.

Environment Agency
Guildbourne House Chatsworth Road, Worthing, West Sussex, BN11 1LD.
Customer services line: 03708 506 506
www.gov.uk/environment-agency
Cont/d..

We ask to be re-consulted with the results of the FRA. We will provide you with bespoke comments within 21 days of receiving formal re-consultation. Our objection will be maintained until an adequate FRA has been submitted.

Informative to the LPA

In accordance with the Planning Practice Guidance (Ref. ID: 20150415), please notify us by email within 2 weeks of a decision being made or application withdrawn. Please provide us with a URL of the decision notice, or an electronic copy of the decision notice or outcome.

The Environment Agency will always support and substantiate its objections to major development proposals at appeal wherever a refusal is lodged in line with its advice. If you are minded to grant permission against the Environment Agency's advice, please contact the Planning Liaison Officer named below before making a formal decision to discuss the conditions and informatives that the Environment Agency would wish to apply to this proposal.

If you are minded to approve the application contrary to our objection, we would be grateful if you could re-notify the Environment Agency to explain why material considerations outweigh our objection, and to give us the opportunity to make further representations. Should our objection detailed above be removed, it is likely we will recommend planning conditions to be included on any subsequent approval.

Advice to Applicant

If the Applicant would like any further detailed advice we would be happy to provide this subject to a charge.

As part of this service you would have a dedicated project manager to coordinate the advice from different teams within the Environment Agency. It would also include bespoke technical and planning advice if you request this. This will allow you to have greater clarity about the assessments you need to accompany your planning application and certainty about whether the development is acceptable to us before you resubmit.

Should you have any further queries please do not hesitate to contact me.

Yours faithfully

Mrs Sophie Brown
