Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: Following telephone conversation with Mrs Crawford today and after my wife telephoned me last night for to refer to planning application, I would like to put my comments in writing.

I do not object to the proposed 2 story extension, however I am concerned and have strong reservations of the width of the extension as the width of 4.410m is going to encroach our privacy upon our back garden and block out the light on our conservatory. My wife and and I value our privacy in our back garden and conservatory, we feel that this extension is going to be overpowering with its closeness to our house and the boundary between the two properties.

The other issue is that the extension is going to be bigger than the existing character cottage and will look odd with the other cottages in Post Office Rd and this could effect the market value of our home.

A smaller extension we have no problems with as there will be better day light and privacy between the two properties
