For the attention of Planning Office, Havant Borough Council

Dear Sir or Madam

Site – Former Council Depot Site, Harts Farm Way, Havant

Proposal – Phased development comprising the erection of 3No. warehouses (Class B2/B8) (two warehouse buildings to be erected in phase 1 and one warehouse building to be erected in phase 2) and associated parking and access from Hermitage Park.

Thank you for your consultation request for the above application. I can confirm that the Highways Authority's comments on this application should be made by the District Council's own engineers, who are responsible for providing comments on behalf of the highway authority for layout matters contained within reserved matters applications.

However, while this is a matter that will be commented on by the District Council's engineer, it should be noted that this site will be required to complete the S278 works to close the redundant access to the site (formalised via a stopping up order) and link the footpath on the north sides of Harts Farm Way. This is in accordance with the outline planning application for the same land reference APP/10/00737 (permission granted 23rd June 2011).

Should you have any further queries please contact Chris Hirst on (01962) 846877.

*Director of Economy, Transport and Environment
Stuart Jarvis BSc DipTP FCIHT MRTPI*

Yours sincerely
