

In regard to a tree report, Please be advised that there are no trees effected by the proposed extension.

To ensure the protected trees in the front garden are not affected by the construction process, no vehicles, other than the cars which presently use the drive, or contractors materials or waste will be stored in the front garden during the works.

I trust this is sufficient information for you to validate my application.

Please do contact me if you require any further information or if you require hard copies of the revised plans.

Kind Regards,
Jeanette, Marina Manger

P.S. Have you heard about Boat Club Trafalgar? Unlimited boating for a simple monthly fee. Click here for more information: <http://www.boatclubtrafalgar.co.uk>
