RE: Crown reduce 1No. Oak (T1) by 3m, crown raise to 5.4m, removal of epicormic growth, deadwood and crossing branches within crown and removal of epicormic growth and ivy on trunk, subject to TPO 0882.

Dear Chris,

I write to you in relation to application APP/17/00914 at the above address for works to an Oak tree.

Having visited the site, the proposed specification is considered to be excessive. We would propose a specification of: Crown reduce 1No. Oak (T1) by **no more than 2m**, crown raise to 5.4m, removal of epicormic growth, deadwood and crossing branches within crown and removal of epicormic growth and ivy on trunk, subject to TPO 0882.

Would you agree to us amending the application with the new specification above, for which we would recommend permission?

I would be grateful if you can reply at your earliest convenience.

Yours sincerely

Stuart Heasman
