

Section A-A

Note:
All ductwork is shown indicatively only. All duct profiles and section sizes to be confirmed by specialist sub-contractor design and detail. All ceiling/soffit heights to be checked on site by main contractor prior to manufacture and installation

Section B-B

Proposed Sections

Key Plan - NTS

Fireboarded bulkhead
ceiling tiles to be installed
to house AHU - Height to
U/S of bulkhead to be
confirmed to confirm site
measurement.

Proposed bespoke slimline fresh air intake duct to be designed to specialist sub-contractors design terminate horizontally at high level in PPC aluminium wall grille. Finished in PAU 7043 Traffic Grey. Fan distance and noise attenuation dampers to be confirmed on site by specialist sub-contractor design and detail.

Proposed floor grill
2100mm to U/S of flatless
sub-contractor's design
and detail.

One layer of 50mm foil
100mm vertical overlap
to provide 30mins
smoke curtain dropped over
suspended to the grid

100mm Ceiling
to accommodate
change in ceiling
height @ 2200mm
AHT to U/S

3no. Menu board screens
suspended ceiling 1100mm
back from front line of
counter - Height to U/S of
monitors @ 2200mm AHT

3no. Ceiling beams
to be installed
