Comments

The entrance to the parking for bot properties will be from the existing dropped kerb which is close to the junction of Tounurbury Lane and Beech Road, It therefore important that cars using the parking space can turn on site and enter the highway in a forward gear. The Highway Authority needs turning overlays showing that is possible from every space (when the other spaces are occupied) to turn onsite.

It should be noted that area behind the parking spaces will need to be used jointly by both properties
