Name: Consultee Environmental Health (Environment Team)

Address: Public Service Plaza, Civic Centre Road, Havant PO9 2AX

Email: EHEnvironment@havant.gov.uk

On Behalf Of: Environmental Health Manager, Community Group

Comments

It is understood that Laurent has already confirmed that Environmental Health has no adverse comments with respect to this application. I would only wish to add that this development would be positively supported by policy CS16, particularly part (6). From an Air Quality perspective, the addition of rapid EV charging facilities is regarded to be a positive step in the transition to a more sustainable vehicle fleet mix to deliver improvements in local air quality.

The high specification of the units is noted, and is welcome - ability to cope with high capacity charging needs within a reasonable time period is considered essential for the development to be likely to be a success. The station is also noted to be well situated for access from pass-by & diverted vehicle trips.

I fully support the proposals, and would recommend the proposals for approval.
