Principal Conservation Officer No Objection

Section 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 requires planning authorities, when considering whether to grant planning permission for development which affects a Conservation Area, to have special regard to the desirability of preserving or enhancing the character and appearance of that area.

The single storey side and rear extensions are of a design and size that would not cause any adverse impact on the character of the Conservation Area. The extension is also in keeping with existing property and would not appear overly dominant or out of character.

No objection subject to the following condition:

- 1) Material samples to be submitted.
