Dear Ms Ballam,

Thank you for your consultation. I would draw your attention to the file entitled DISCHARGE OF CONDITION - ARCHAEOLOGY REPORT that is included among the documentation attached to the above application on your website. This report details the results of an archaeological evaluation carried out across the site in March 2018. I note that this evaluation did not record any archaeological features and on the basis of these results I can advise you that no further archaeological work needs to be carried out in relation to this development. I would commend this report to Havant Borough Council Planning Committee as satisfying all parts of Condition 4 as it pertains to planning permission APP/17/00656 and I would have no archaeological objections to the discharge of Condition 4 by the Committee at this time.

If you have any further queries, then please do not hesitate to contact me.

Yours sincerely,

Neil J. Adam BA ACIfA
Senior Archaeologist
