

Variation of planning permission – reference APP/17/00682

Supporting explanation.

Twice a year, once early in the Autumn term and once late in the Summer term we would like to give the parents and children an opportunity to get together in an informal setting. For the meeting in the Autumn term this is to enable the new parents and children to meet and get to know each other. Many children come for different sessions and with the parents having busy lifestyles it is not easy for them to get to know each other or find out who their children's friends are.

For the get together at the end of the Summer term this is an opportunity for the parents and children to have a celebration of their time together and to have a planned enjoyable ending to their pre-school education.

We would very much like to be able to use the nursery garden on a Saturday for these two occasions.
