Dear Mr. Eaves,

Apologies for the delayed response following our conversation yesterday.

We have been in final discussions with the drainage officer yesterday afternoon and this morning and received confirmation that sufficient information has now been provided to remove the need for any pre-commencement drainage conditions.

Please find an email confirmation and the supporting documents attached below.

If we could therefore move forward to have a decision as soon as possible, that would be much appreciated. I can confirm that we agree to a time extension until Friday 7th April to allow for this.

Please do not hesitate to contact me if you wish to discuss any matters further.
