RE: TPO / Planning Application at 18 Gloucester Road, Waterloooville, PO7 7BJ

Dear Ms D Sheath,

In response to your letter dated 18th July 2017 please see the below statement by the applicants;

Thank you for contacting me regarding HBC query on a tree with TPO allegedly in our garden boundary. This query came up when we bought the house in 2010.

It was found that all TPO trees were in the neighbouring property which is 18a.

In 2011/12 all the trees in 18a were removed because they were found to be rotten and dangerous as branches came off in high winds and almost fell on the rear properties and did break a building.

I think when the property at 18a was built in 2007 the boundary fence line between 18 and 18a was meant to be different but this never actually materialised leaving 18 with a smaller narrower garden and consequently no trees.

I am happy for an officer to come inspect my garden to prove thus and I will most likely be able to gain permission from neighbours to look at 18a to show the trees removal.

I hope that this clarifies the matter.

Lauren Bellamy

Yours faithfully,

Mark Davison
