

CONDITION 5 CONTINUED :-

most of these materials will be moved by hand from where they were delivered. The hired skips will be the main items for the disposal of waste material, and grab lorries can be called on at any time to collect any waste in order to maintain a clean and serviceable site.

CONDITION 6 :- The development permitted is to be carried out in accordance with the listed drawings as provided, the Building Inspector can check the drawings as the works proceed.

Should the client wish to change any drawing we will arrange to send revised / new drawings to the planning department in good time for their decision.

* NOTE : CONDITION 2 :- Above ground construction works cannot be started until samples / specifications of all materials to be used externally on the building have been submitted to and approved in writing by the Local Planning Authority.

Our client is currently in the process of selecting the materials needed and should be in a position to arrange a meeting at the end of July 2017 to provide the samples / specification for the L.P.A approval.
