Subject: Re: APP/17/00742 - 8 Post Office Road, Waterloooville

Dear Bee,

Please except this email as confirmation that I wish to withdraw the current application (APP/17/00742 - 8 Post Office Road, Waterloooville).

I will however submit a revised design shortly as per our telephone conversation. I will forward you the plans for your perusal/comments shortly prior to another application being submitted.

The suggestion of extending the existing gable end elevation is not a feasible option due to the complex roof shape therefore leaving unusable rooms within due to awkward head heights. The introduction of dormers does not resolve this issue either. I will therefore reduce the existing design further both on the front elevation and also a reduction in width leaving a 3250mm gap to the side boundary.

Kind regards

Danny Manns - GIFireE
