The discussion focused on whether pp was or was not required and , if it was, on the acceptability of the use proposed. It was acknowledged that a S192 application had been submitted, but recommended that a planning application be submitted for the 'change of use' in case it is determined that pp is required. This is that application.

The Council accepted that this was an employment area that included many existing industrial uses, and hence that there should be no objection to the use proposed. It was advised that any application should include as much information as possible, to allow the application to progress quickly.
