Comment Details

Commenter Type: Complainant

Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: There is a considerable difference in ground levels between this property and those on the Western side (10-15ft). This has necessitated the introduction of temporary props to prevent the collapse of the retaining wall into the garden of No 16 Bevan Rd. I am concerned that the proposed extension will extend this problem into our garden, and would suggest the need for an engineer's report on the stability of this boundary. It should also be noted that a loft tree already overhangs the site of the proposed rear extension - and is not shown on the drawings.
