(<https://www.stones4homes.co.uk/wp-content/uploads/2016/11/cotswolds-20mm.jpg>)

Cotswold Chippings 20mm

The creamy buff colour of Cotswold Chippings brings a fresh look to any type of garden: traditional, contemporary or modern. The hard angles of the stone help to bounce the light making these chippings ideal for brightening up a dark or shaded area of a garden. The angles also lock the stones together making this an ideal driveway or footpath gravel.

Size Range - 10-20mm
 Rock Type - Limestone

Don't forget to order Weed Membrane (<https://www.stones4homes.co.uk/product-category/weed-membrane/>)

BLUE LEAF LANDSCAPES WITH RAILWAY SLEEPERS

Hi my name is Damian Morley from Blue Leaf Landscapes. I was put in contact with you a few years ago by Debbie and Tim Davies. Following contact and purchasing these new oak railway sleepers (which i would like to add, are the best and heaviest railway sleepers that I have used) these are pictures of the end result. I was wondering if there is any way that they could be added to your gallery? Also enclosed is the play area project I'm working on at the moment. Hope all is well.

A brilliant landscaping project that equally shows your skill and design as well as the versatility of the new oak railway sleepers. Excellent.
