Principal Conservation Officer No Objection

In the previous application APP/16/01122 the principal of demolition was accepted. The building has suffered from a fire and vandalism and is severely damaged. This is a great shame as the building was one of the few historic buildings left in Waterloooville. I would of course have preferred a scheme to come forward to restore the current building but as outlined in the previous application this is not viable.

I therefore have no objection to the current application and the unfortunate demolition of the building appears appropriate.
