RECEIVED

Dear MRS HOUGHTON

Thank you for your letter dated 27. SEPTEMBER 2017.

The figures you require are as below
Reduce 30% } Crown.
Raise 3 metres }

I am sure your arborist will wish to confirm these as usual.

I am not sure which requirement this will come under; but some of the lower side branches are now growing over my greenhouse and garage - and as is generally known where the branches go so do the roots

My property is 10 feet above some of the surrounding properties in 'heavy' lands they are all concerned for their homes!

I hope this will explain why I have had to spend so much money on the tree

Yours faithfully

Your Ref: APP/17/01041

P. A. Russell (MRS)
