Comment Reasons:

Comment: I have no problems with the changes and additions to Purbnrook Park School. However I have put up with contractors and staff parking their cars and vans opposite my garage exit over the past 2 years. I have in the past requested Havant Council to have double yellow lines put opposite my garage to stop parking and allow me exit without being forced to drive out on the wrong side of the road into a blind bend.

It now appears that I shall have to put up with this until the school modifications are complete some time in the future.

Whilst I appreciate that school changes are expected to enhance educational requirements should they be allowed to continually put locals in danger of road accidents.
