Dear Mr Madgwick

RE - VACANCIES

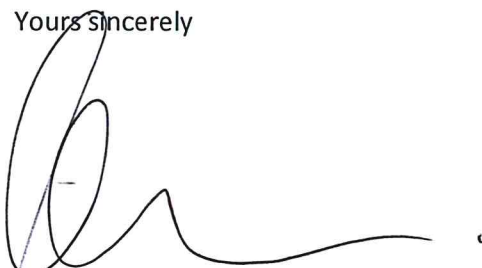

Further to your enquiry recently with regards to vacancies on our sites. Unfortunately we still have nothing available on any of the 9 sites we manage in the West Sussex area. We understand your frustrations; however, residents infrequently leave our sites and any movement tends to be filled by internal transfer.

We do still have quite an extensive waiting list of approximately 40 applicants. As mentioned, the turnaround on the sites is low and has been for a number of years due to the security of a permanent pitch and limited provision elsewhere in the region. We are also aware that both transit sites in this area, Westhampnett and Horsdean, are also operating at full capacity and have been for some time so again it may be a while before anything does become available. So we are sorry that we are unable to progress your application further at this time.

We do consider every application when a vacancy does arise and will certainly advise you should the situation change in the future.

Thank you for your interest in our sites.

Yours Sincerely

Sharon Cotton-Smith
OFFICE MANAGER
