

The Catherington 2 bedroom home

With a garage below and two double bedrooms, The Catherington is ideal for modern living.

The kitchen and living room provide the perfect space for entertaining, day to day living or simply just relaxing. Both of the bedrooms are doubles, with the master bedroom enjoying its own en suite shower room. The master bathroom lies just across the hall from bedroom 2 and the hallway cupboard provides valuable storage space.

The garage below means that there's no need to worry about the car and further storage space comes courtesy of the under stairs cupboard.
