Subject: FW: Oak at Oakley Gardens, Applewood Grove, Waterloooville - APP/17/00807

Dear Darren,

Stuart has forwarded me your email regarding the above. At this time I don't feel it is appropriate for the whole tree to be crown reduced. It would appear to be under some stress (probably from the new development being built) so at this time, the work I have proposed as an amendment is all I am happy to give consent for so that it gives the chance for the Oak to hopefully recover.

Please could you confirm if you agree to this so that I can issue the consent.

Kind regards,

Maria

Hi Mr Heasman,

Thank you for your message and for viewing the tree.

Following on from my voice mail message did you have chance to look at the Poplar tree also?

Yes of course this is fine for the Oak following your recommendation, just to confirm that it will be 2m shaped on all sides as well as away from 1 Oakley gardens, as the whole tree too could do with being cut, and to keep the tree in shape and proportion, 3m crown lift of course confirmed.

Thank you very much for your time, if you prefer I can call you to discuss.

Kind regards.

Mr D Crassweller (Darren)

RE: Crown reduce by 4m 1No. Oak, subject to TPO 0855.

Dear Darren,

I write to you in relation to application APP/17/00807 at the above address for works to an Oak tree.

Having visited the site, the proposed specification is considered to be excessive.

We would propose a specification of: **Crown lift to a height of 3m and reduce lateral branches closest to 1 Oakley gardens to provide a 2m clearance of 1No. Oak, subject to TPO 0855.**

Would you agree to us amending the application with the new specification above, for which we would recommend permission?

I would be grateful if you can reply at your earliest convenience.

Yours sincerely

Stuart Heasman
