Comments

See advice given by email (30 August 2017 16:13) which I understand has been passed on to the applicant directly.

It is considered that the information submitted is not adequate to satisfy the full requirements of condition 4, and that it is premature to seek to discharge this condition at this time.

It is recommended that the request to discharge c.4 be rejected at this time, or if possible, that the applicant be allowed to withdraw the application for resubmission at the appropriate time, including more fulsome information as recommended in my detailed response.

(J.Driver, Environment Team)
