Thank you for consulting us further on this application.

In our previous correspondence we requested the following information:

- Provide information relating to the treatment of Surface Water as per the Ciria SuDS Manual (C753)
- Provide information on the general maintenance regimes of the surface water management train and confirm who will undertake this maintenance.

Neither of these elements have been addressed within the current information package and are required for us to be able to fully comment on the application.

Regards
