Enquiry regarding understanding proposal, wanting to protect new drive	proposal explained and no objection subsequently received

7 Planning Considerations

7.1 Having regard to the relevant policies of the development plan it is considered that the main issues arising from this application are:

- (i) Principle of development
- (ii) Appropriateness of design and impact on the character of the area
- (iii) Effect on neighbouring properties

(i) Principle of development

7.2 The application site is located within the defined urban area, therefore development is considered acceptable in principle subject to development management criteria.

(ii) Appropriateness of design and impact on the character of the area

7.3 The squaring off of the bungalow and creation of full size front and rear gable ends is considered an appropriate design in the context of the mixed bungalow designs in the vicinity. The extended dormer retains its 1.5m set back from the front elevation which will continue to ensure it is not overly dominant in streetscene terms. The proposed garage is set back, low and similar to others. Materials are all to match and overall the

proposal is deemed appropriate in the context to the main building. Therefore the proposal is considered to be acceptable, meeting the requirements of Policy CS16 of the HBLP (Core strategy). It is considered that the scheme would not result in an adverse impact on the visual amenity of the locality.

(iii) Effect on neighbouring properties

- 7.4 The proposal enlarges the 2 existing first floor bedrooms with the enlarged dormer adding a further clear glazed window at each end of the dormer, and 2 rooflights. The outlook from these windows is over a blank roofslope of No 14 and towards an elevation with only 2 obscure glazed windows. Therefore the material difference is very marginal and considered acceptable. The ground floor extensions would also not affect neighbouring amenity.
- 7.5 Consequently, it is considered that the proposal is unlikely to appear overbearing or lead to overlooking and would have limited and acceptable impact on the properties immediately adjacent to the application site and the properties opposite or to the rear, meeting the requirements of Policy CS16 of the HBLP (Core Strategy). It is noted no letters of objection were received with respect to the scheme.

8 Conclusion

- 8.1 The scale, siting and design of the proposal would have limited and acceptable impact on the neighbours and is therefore considered to be appropriate and recommended for approval.

9 **RECOMMENDATION:**

That the Head of Planning be authorised to **GRANT PERMISSION** for application APP/16/01255

(A) subject to the following conditions

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.
- 2 The external materials used shall match, in type, colour and texture, those of the existing building so far as practicable.
Reason: In the interests of the amenities of the area and having due regard to policy CS16 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.
- 3 The development hereby permitted shall be carried out in accordance with the following approved plans:
Plans Drg No P01 Rev A
Elevations Drg No P02 Rev A
Reason: - To ensure provision of a satisfactory development.
