Dear Sirs,

Proposal: Alterations to front porch.
Site: 18 Prochurch Road, Waterlooville, PO8 8EZ.
APP/17/00643

Thank you for your letter of 10/07/2017.

Please find attached a plan of the sewer records showing the approximate position of foul sewer within site. The exact position of the foul sewers must be determined on site by the applicant before the layout of the proposed development is finalised.

Please note:
-No development or new tree planting should be located within 3 metres either side of the centreline of the foul sewer.
-No new soakaways should be located within 5m of a public sewer.
-All existing infrastructure should be protected during the course of construction works.

Furthermore, due to changes in legislation that came in to force on 1st October 2011 regarding the future ownership of sewers it is possible that a sewer now deemed to be public could be crossing the above property. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its condition, the number of properties served, and potential means of access before any further works commence on site.
