BS category A

Trees of high quality

BS category B

Trees of moderate quality

BS category C

Trees of low quality

BS category U

Trees unsuitable for retention

Trees to be removed

Proposed layout

Foliage to be trimmed back

Estimated tree positions not included on original land survey and/or adjusted crown spreads

Construction exclusion zone (CEZ) to be protected by fencing and/or ground protection

Precautionary Areas

The main site plan shows a residential development with numerous numbered plots. Key features include:

- Streets:** Hawthorne Grove, Poplar Grove, Beech, and Hawthorne Court.
- Landmarks:** Mengham Junior School and Mengham Junior School Playing Fields.
- Proposed Construction:** Indicated by purple outlines for buildings and yellow areas for new surfacing or footpaths.
- Tree Management:** Various trees are marked with colored symbols (green for quality, red for removal) and codes (e.g., T1, G1, H1).
- Construction Exclusion Zones (CEZ):** Shaded areas where construction activities are restricted.
- Precautionary Areas:** Yellow shaded regions for ground protection.

Construction Exclusion Zone (CEZ) protected by fencing and/or ground protection to be agreed at pre-commencement meeting

New surfacing to be installed within RPA of T7 will be custom designed, no-dig and permeable. All works will be subject to arboricultural supervision.

Surfacing for existing access to adjacent properties to be unaffected by proposals.

Boundary vegetation to be cut back over the proposed garden boundaries.

All areas within RPAs, but outside the vertical barriers will be subject to ground protection for the duration of works. New pedestrian surfacing and bases for garden sheds/bicycle stores will be of a no-dig construction method and subject to arboricultural supervision.

New custom designed surfacing to be installed using no-dig, permeable specification. All works will be subject to arboricultural supervision.

New custom designed surfacing to be installed using no-dig, permeable specification. All works will be subject to arboricultural supervision.

Location of tree T55 & T56

Bases for garden sheds/bicycle stores will be formed above ground without excavation.

New pedestrian footpath to be installed using no-dig, custom designed specification.
