Dear Daphney,

Further to my colleague sending the Conservancy's written, reasoned objection 16.12.2016, the Conservancy has reviewed the additional and amended information advised to it 16 March 2017.

I have today presented that to the Conservancy's Planning Consultative Committee (PCC).

The PCC resolved to maintain The Conservancy's objection, save that the previous ground of objection relating to harm to the setting of the South Downs is now withdrawn.

And that the Conservancy's previous objection based upon an understanding that a private package sewerage treatment works was being proposed, could be considered to be withdrawn if Southern Water confirm in writing that public sewerage capacity existed to serve the new housing.

Yours sincerely
