Re APP/15/01273 - decision appeal.

I would like to appeal the Refusal of Planning Permission notice I received recently. I want to appeal the rejection on the basis of precedence.

I have noted air-conditioning condenser boxes in close proximity to separate domestic dwellings in the near vicinity to my proposed site – namely at

- 14 East Street, Havant
- 25 East Street Havant
- 4 North Street Havant

I can only assume these operate without undue disturbance to nearby residents and I want the same opportunity as these air-conditioner owners.

Or have these owners – like me – been asked to submit noise reports? If so – can you please share evidence of this with me.

Furthermore, I feel it relevant to point out that the units are modern, small and quiet. For this reason, the possibility of noise disturbance is minor. They would be used infrequently (as British summer's dictate) and when in use – would only be in operation between my trading hours of 0830-1700 on weekdays.

Yours faithfully

Peter Raftery
