Dear Mrs. Clark,

Re: 8, Oyster Close, Hayling Island, Hampshire PO11 9FP
Householder Application for Planning Permission for works or extension to a dwelling -
Town and Country Planning Act 1990

Please find enclosed the above-mentioned form to allow permission for a patio and shed to be put into the rear garden.

As we discussed on the 'phone last week, I could not find the relevant location plan on any internet site, so I have enclosed the site plan we received from the Developers. The same applied to the block plan, therefore I have drawn a 1:50 plan of the whole rear garden. The shed photos I have enclosed are the same size and colour as we intend to install.

The application is required because I do not have the benefit of PD rights and apparently this means that no fee is required if the shed is lower than 2.5 metres, which it will be.

Please can you let me know approximately how long this Planning Permission process can take on average and, in this regard, I look forward to hearing from you in the near future.

Yours sincerely,

Mr. P.R. Redwood
