28th April 2003

Dear Mr Butcher

Land adjoining Croft Lane, Stoke, Hayling Island

I am reviewing old files and note that there appears to have been no movement of this site for a long time. I last wrote to the Council in July 2002 and, other than for an acknowledgement, have not had a reply. I am reluctant to chase Officers for an answer as their letter of 10th July was questioning the lawfulness of the existing activities on the site and the accuracy of the information that we had given them. It appears that they have since forgotten the site. A further letter from me may stir things up again.

If you did want me to write, then I still need answers to the issues raised by the Council in their letter (10th July), as set out in my letter to you of the same date. You may recall that when we spoke in October last year, you were in the process of sorting through a box of old papers in which you hoped to uncover additional evidence.

Can you please let me know how you want to proceed. If I am to respond to the Council then it would be helpful to meet up so that you can run through any additional information that you have. Alternatively, you may wish me to wait until the Council do respond or threaten further action.

As it is now 16 months or so since you first instructed this Practice, I have enclosed an invoice for the work done to date, comprising mainly our meeting with yourself in January last year and the subsequent correspondence with Havant Borough Council and yourself. Please note that this relates to a charge of £75 per hour for all the planning work, as originally agreed. In April 2002, we actually increased our charges to £85 per hour and, consequently, any further work would be charged at this rate.
