Comment Details

Commenter Type: Complainant

Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: Comments on the revised drawings and follow-up to my earlier comments:

In the drawings entitled Planning 002 Rev A, the roof plan is not consistent with the remainder of the drawings.

I have now had the opportunity to discuss the application and the revised application with the applicant. I have been advised that there is no intention to cause further loss of outlook and daylight by having structures, or vegetation, higher than around normal fence height in the garden. Also that the colour of the cladding will be pale grey or similar. On this basis my opinions are unchanged.
