Dear Sir

Re: Proposed Dropped Kerb Extension

I write to inform you that I have submitted a planning application for an extension to my existing dropped kerb outside of my property.

It is currently almost impossible to turn left from our exit without either bumping down the kerb or going forward into oncoming traffic from the left.

Our proposal is to extend the dropped kerbs by 1 each side. An application will follow as soon as planning permission is obtained from Havant Borough Council.

Please feel free to contact me via the above address if necessary.

Yours sincerely

Ian Singleton
