Dear Mrs Clark

Thank you for taking the time to talk and advise me on the phone last week.

As you suggested I am writing to request that the Ash tree detailed on the enclosed forms be passed for felling because of the roots of the said tree are causing great concern due to the proximity of these to the house. My original drawing, which was retained by your office, shows the position of the tree in respect to the house and boundaries of my property.

Thanking you again for guidance in this matter.

Kind regards

Mrs L M BELL
