Photographs of new windows taken from ground level

a.

b.

Photo a) is taken from the SW corner of the plot looking towards the south west corner of the property.

Photo b) is taken from the western boundary of the plot looking directly at the west elevation of the property.

Both windows are manufactured from UPVC with stippled opaque glass (see attached order form from BJH Window & Conservatories).

The upper windows on the south elevation of the property are made of UPVC. The remaining windows are all wood framed.
