There is conflicting information within the application. The plan shows 8 parking spaces but the Travel Plan Statement refers to 10 spaces, also the Travel Plan Statement refers to 2 additional members of staff whereas the Design Statement refers to one additional member of staff.

Assuming the Travel Plan is correct I recommend that permission is given for the application subject to the provision of 10 parking spaces and a contribution payment of £1,840 based on my estimation that this development will produce an additional 8 multimodal trips (at £230 per trip)
