MR DAVID MORRIS B.E.M.

16 CHERRY TREE AVENUE

PO8 8BA.

PLANNING DEPT. (TPO's)

PUBLIC SERVICE PLAZA

HAVANT PO9 2AV.

Dear Sir, Madam,

Please find enclosed some recent pictures of the 'Oak Tree' that is giving the owners of no. 3 Goldswell Road some concern. I am a neighbour in Cherry Tree Ave which is directly behind her property. In rough weather the tree causes myself and my neighbours some concern, due to its height, approx eighty feet, plus tall and rather distorted trunk configuration. In the past I have had similar trees felled due to fungus problems, with consent of course of your department.

We all get on well and there is no hassle at all about the particular tree, in my opinion to have it removed would be wonderful!

Hoping something can be resolved soon

Yours Faithfully

N.B. One 'Oak' felled in 1984. (Mr. Seton)
Another 'Oak' felled in 1998. (Mr. Whitby)
Both honey fungus sufferers.

N.B. Apologies for my handwriting, arthritic hand.
