Hello Rob

Thank you for your consultation on this application.

Following our discussion I have read and assessed the Arboricultural information submitted by Hold and written by Principal Arb Mr Alex Needs.

I am content that the AIA is to a high standard and takes into all aspects of the tree constraints on site providing a pragmatic solution to ensure that no trees are negatively impacted on.

Should permission be granted for this application project a condition to include the AMS and TPP must be included – e.g. no development can take place on site prior to the erecting of tree protection in line with the Holt TPP and all works must comply with the Holt AMS.

I raise no objection on Arb grounds.

I hope this helps.
