Commenter Type: Complainant

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The developers have still yet to address the safety of residents within the street during any proposed developments.

The issues with access by emergency services is still a major concern for the residents. Whilst the developer has said deliveries will be at set times, this can not be guaranteed at all and who knows when the emergency services will be required. Building work of any kind will increase traffic and cause safety issues for residents with mobility issues as already highlighted!

I am not sure how two houses will improve the look of the street. The residents have limited green space, developing this will reduce it further.
