CAUTION: This email came from outside of the council - only open links and attachments that you're expecting.

Dear Lewis,

Thank you for your consultation. Having reviewed the submitted document (a written scheme of investigation [WSI], as detailed in condition 4) I can confirm that I am happy with the contents of the document and endorse it to the planning authority.

With regards to the discharge of the condition; Condition 4 secures the implementation of the programme of archaeological monitoring described within the submitted WSI (these works comprise the fieldwork and reporting). If you are content that the planning authority can secure the implementation of the WSI with condition 4 discharged, then I would be happy to recommend that the condition is discharged. However, if you do not believe that the planning authority would be in the position to secure the implementation of the WSI, then I would recommend that condition 4 is only discharged in part.

If you have any further questions, please do not hesitate to contact me.

Yours sincerely,

Thom Hayes BA(Hons) MRes, ACIfA
Senior Archaeologist
