For attention of Narinder Lakhan

Dear Sirs

Re: APP/20/00991 At Pipeline from Proposed Reservoir Site, Middle Park Way to land adjacent to, West Street, Havant

Outline application for (matters to be considered outlined in Table 2.2 in the submitted Development Specification) development of a new pipeline to transfer water from Bedhampton Springs to fill the reservoir in the winter and draw it off to treat and supply when needed in the summer comprising: Construction of an underground, bi-directional pipeline linking the reservoir with the existing pumping station at Bedhampton; Emergency drawdown discharge structure at Hermitage Stream; Upgrades to existing culverts; Washout and air valve chambers (typically below ground). (Approved 15.10.21). Request to discharge conditions 4, 12, 16, 21 and 22 (12.3.24). Request to discharge conditions 5, 6, 7, 8, 10, 13, 14, 19 and 20 (26.3.24).

Thank you for your re-consultation on the above planning application. For clarity, the applicant is seeking to discharge condition 7 relating to a Construction Traffic Management Plan and Construction Workers Travel Plan. Following the previous comments dated 30 July 2024 the applicant has engaged in direct discussions with the Highway Authority to resolve the outstanding matters raised. In response to these discussions, a revised CTMP (reference HTR-WAB-PI-W1-PL-W-0001 Rev S4-P07) dated 2nd September 2024 has been submitted. The Highway Authority are satisfied that this

Deputy Chief Executive and Director of Hampshire 2050
Gary Westbrook

revised CTMP addresses all outstanding matters raised and is therefore agreed.

Having regard to the above, the Highway Authority recommend no objections to the discharge of condition 7.

Yours faithfully,

Sophie Osborne
