

Subject: 8 Forth Avenue, Havant. PO9 2QX Detached 3 bed annex across two floors, one below ground level and one above ground level.

For the attention of Mrs. T Pickup

Dear Mrs Pickup

It has come to my attention that a detached house plus garage is planned to be built 6 foot from (redacted) at No.8 Forth Avenue Denvilles. I must strongly object

To this application.

It would involve the removal of a 40/50 ft horse chestnut tree plus Hawthorne tree

The roots of which spread into (redacted) garden. I am concerned there would be damage to my property If the proposed build was to go ahead.

I have lived at (redacted) for 48 years having purchased my home in 1976.

The value of my home will be devalued owing to the close proximity of a such a large closely built dwelling plus probably a garage & drive way and the noise of everyday

Living and the obvious loss of privacy.

I believe neither an Ambulance or Fire Engine would have access in the event of an Emergency. This obviously gives me concern for my own safety and my privacy

Would be grossly compromised.

The tone of the area would be down graded leading to the loss of this desirable

Residential area.

On considering my objections and that of my neighbours to this application I trust you will agree that this request should be refused.
