Description of Proposed Works

Please describe the proposed works

A proposed extension to the existing roof, including a replacement dormer window to the east facing elevation, a new dormer window to the west facing elevation and a covered balcony to the rear aspect to "tidy up" the existing hotchpotch of various flat and pitched roof slopes added over a number of years by previous owners.

The proposal will have no affect on the ground floor footprint or size of property, the aim of the proposed works are to improve the aesthetics of the existing dwelling house and bring it in keeping with other well maintained properties along stakes road.

Several precedents exist for similar applications, including a large covered balcony to the rear of number 92 Stakes Road, and double dormers facing east and west to number 119 directly opposite, in addition numbers 117 and 121 also have substantial dormer windows and roof alterations..

The proposal will have no adverse impact on the street scape or cause any additional overlooking to surrounding properties, the proposed dormer to the west facing elevation has no direct overlooking windows, number 86 has no East facing windows in the East facing Elevation which are visible from the proposed dormer.
