

Application Number: APP/20/00990

Our Reference: Tracker No: #23088

Dear Narinder,

Thank you for your email dated 7 May 2024 consulting us on the above proposal.

National Highways has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

In case of this development proposal, our interest is in the A3(M).

We note that you are seeking to the discharge conditions 5, 6, 9, 10, 12, 27 and 39 for the remaining phases of the reservoir construction (Phases 2 to 8 as set out in the Phasing Plan v9 (23.01.2024)) and partially discharge condition 36 for the Ecological Mitigation, Compensation and Enhancement Measures report is specific to Phase 2 Wetlands works. National Highways recommended CTMP condition for the planning application ref: APP/20/00990 in our response dated 25 November 2020.

We have reviewed information available on your planning portal and we are content that all conditions as described in the proposal above, can be discharged.

Please note that we are now called National Highways (not Highways England or Highways Agency) and our registered office address is:

National Highways
Bridge House
Walnut Tree Close
Guildford GU1 4LZ
