communication Ref: APP/22/01038, we wish to protest at significant changes made to the original application for Planning Consent.

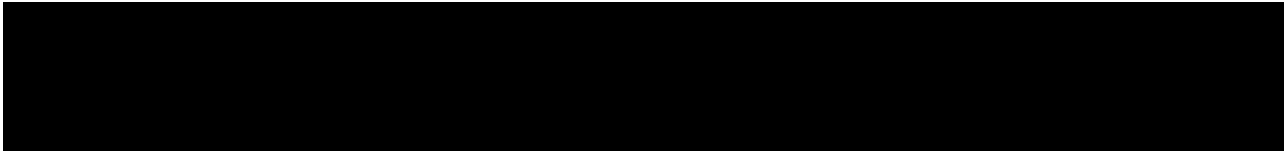

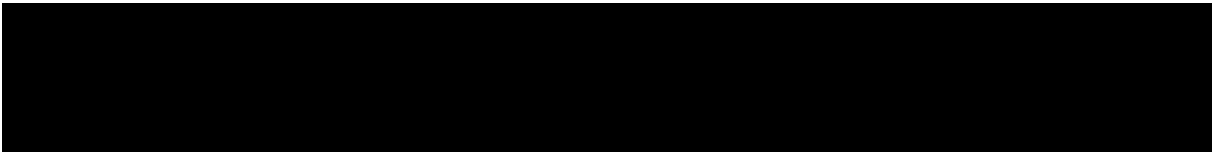

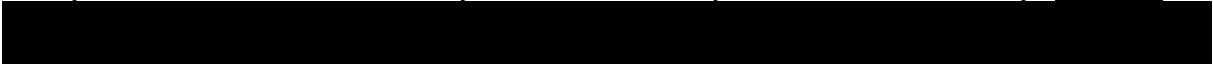

Most significantly, the increase in external wall to the new height of 3.375 metres.

[REDACTED]
[REDACTED] We believe that the very brutal aspect of this large extensions is out of keeping in a Conversation Area. [REDACTED]

In the process of opening up the site a mature hedge has been removed over a length of 4.380 metres This hedge was planted just after the second World War and cannot be replaced except by saplings. [REDACTED]

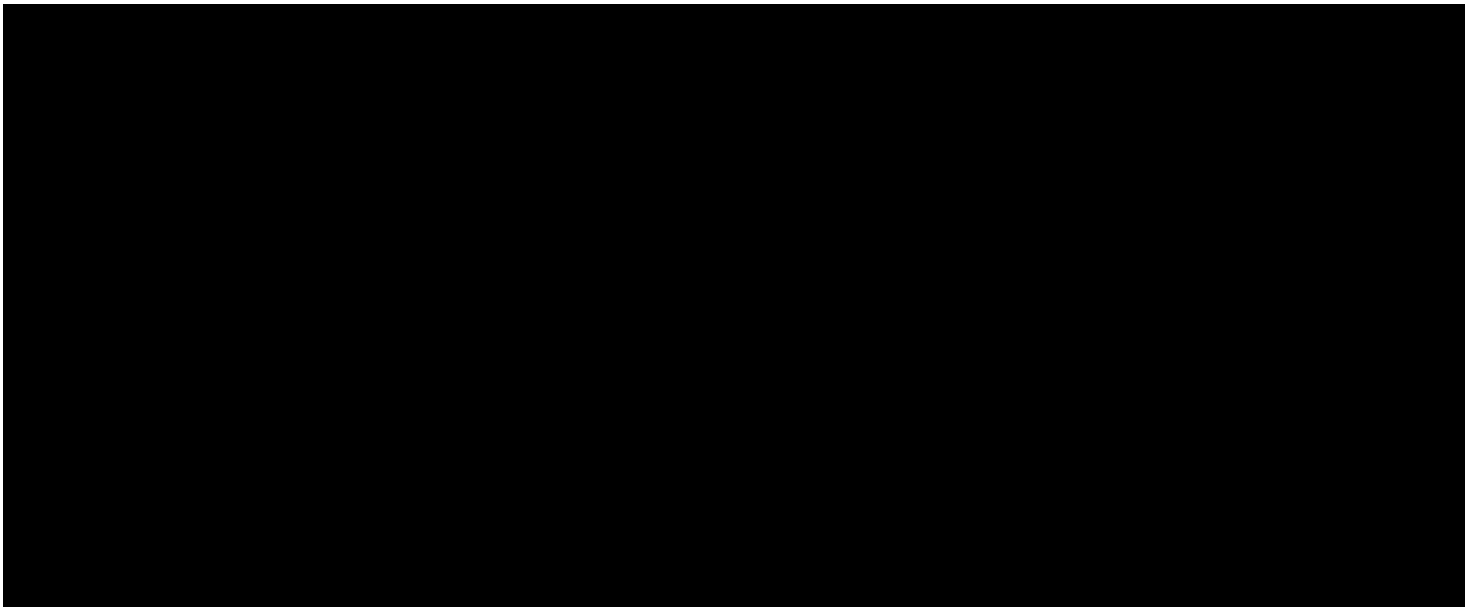

[REDACTED] and cannot expect to see a

replacement reach any sort of comparable maturity.

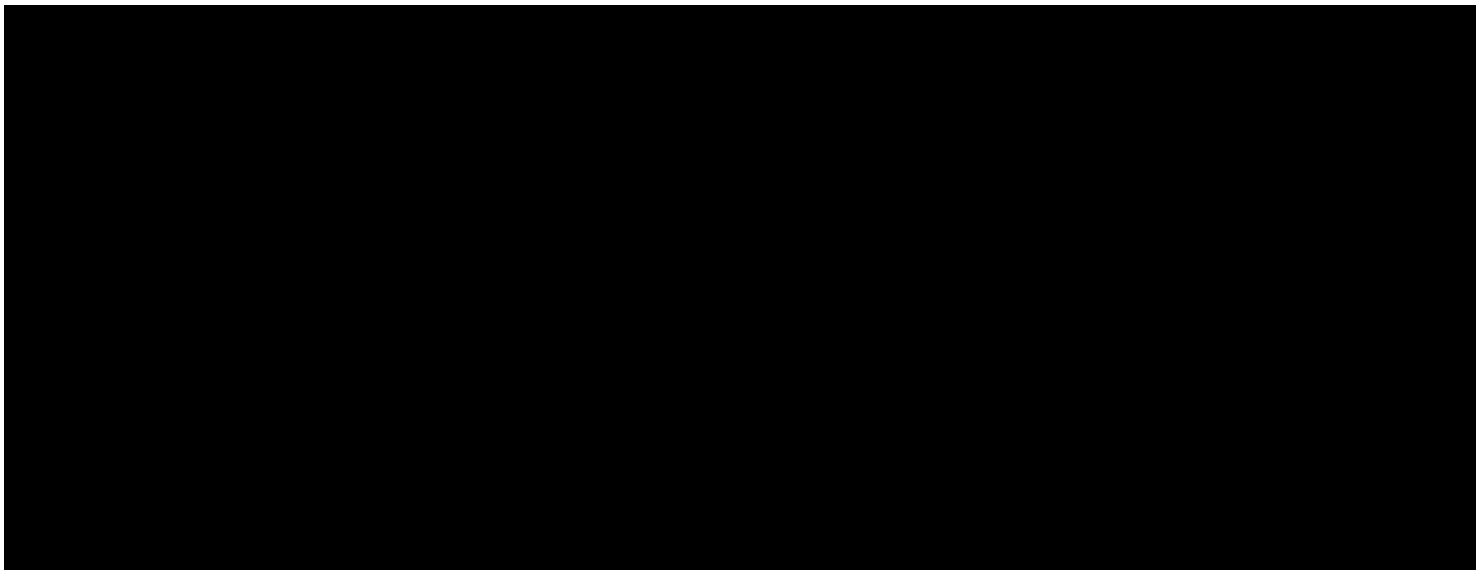

We ask that this inappropriate and unnecessary revision with its new and gross additional height lacking any aesthetic benefit be rejected and ask that the dimensions proposed in the original application be re-instated as would be appropriate in an unique and cherished Conservation Area that is Manor Close.
