Thank you for the additional information from the applicant which confirms the inverters will be positioned internally within the building. Taking this into consideration, there should be no noise impact from the development, and for this reason we do not object to the proposal from a noise point of view

Hi Helen

Sorry for a reasonably late reply about the specifications of the panels, but I have just received this information could you please leave a formal response/update the response to account for this.

The deadline is the 22nd, apologies for the email close to the deadline, so if possible today or tomorrow would be great for a response.

Kind regards Rob
