

Dear Tina,

APP/22/01048 | Single storey side and rear extensions, porch extension, alterations to front bay and other window alterations. Insulated render to existing external walls. | 30 Sinah Lane, Hayling Island, PO11 0HH 22.1362

Thank you for consulting me on this application. Thank you for your patience.

The application is not accompanied by any ecological information, and I have therefore carried out my own non-exhaustive desk-based assessment using the application documents, online sources and GIS mapping. The proposal is for small extensions to the modern bungalow, which are not likely to impact areas with potential to support protected or notable species. On balance I consider the potential for ecological impacts to be very limited and full ecological assessment is not justified.

If you have any queries, please don't hesitate to contact me.

Kind regards,

Tristan
