

Good evening Joseph,

Please consider this email as a consultation response from Arboriculture on the above planning application.

There are a number of trees onsite and on adjacent land that could be affected by the proposals, some of which are statutorily protected. An arboricultural report has been submitted with the application in which various protection measures have been specified to minimise the impact of this development on these trees during the construction process.

Recommendation:

I raise no objection to the proposals and if you are minded to permit the application, I would recommend that a suitably worded condition is imposed requiring the applicant to adhere to the protection measures detailed within the submitted document.

Thomas Gregory DipArbL4 (ABC) TechArborA

Arboricultural Officer , East Hampshire District Council & Havant Borough Council
